Naremburn - Sat 14 November 2009. 10.00am to 12.00pm.

Forensics Science – What does a Crime Scene Investigator do? Can you find the clues and solve the crime?

This workshop will use real crime scene strategies such as: fingerprinting, shoeprints, blood splatter, Identikit and teeth impression to crack the case.

Participants will use their skills, knowledge and abilities as well as science and critical thinking to examine evidence left at the scene.

Cost: Members \$25. Non-Members \$35.

Renewable Energy - A hands on workshop where participants investigate electrical energy production from renewable and non-renewable resources. Activities cover a range of topics including wind farms, hydrogen fuel cells, the Snowy Mountains Scheme, how to reduce energy consumption in the home and the difference between ozone depletion and the enhanced greenhouse effect.

Cost: Members \$30. Non-Members \$40.

Look under "Events" on our website for workshop details and booking form.
